HANDICRAFT

Some original handicraft forms of Lampung which now still can be found are traditional weaving, plating and brass work. One of the wealth created by the pepper crisis enabled the Lampung group to costume themselves in "ikat" cloth known all over the archipelago for their extravagance. For instance the "Tampar" weaving is made by the floating techniques with blue and brown designs. While the "Tapis" is covered by layer of designs interwoven with gold thread complicated on the design, especially of mirror. Sarong Tapis is made by women for ritual occasions, display, concert, simple and complex design of human and animal motifs. It can be found in the north, the north and west regions of the Province. The brass works, including plating and brass are still produced in Lampung. The brass work "Siger" is a traditional home industry where plating, bamboo, leather and cotton works at Gading District in the north west of Bandar Lampung. The gold and silver sewers also Tampar now are only passed down in certain noble families as the handicraft. In fact there are various types of "Tapis" such as "Tupai", "Jumi Saka", "Raja Tapis" etc. The others weaving are "Kadai" for cap, "curtain" and shawl.

ART AND TRADITION

Lampung native people like other Indonesians are still strongly upholding their traditions which inherited from the ancient time. The specific and original traditions are up to now occasionally upheld, i.e., when there is a wedding ceremony to be held and on the occasion of the appointment of a high functionary in "adat" tradition. At wedding ceremony the bride and bridegroom put the "siger" on their heads decorated with ornaments wear sarong "Tapis" which is famous for its glamorous native and contrast color designs. Particular sorts of dances with usual accompany the traditional ceremonies of native Lampung. Tariak Agung or Holly Dance is performed when high dignitaries are welcomed and at other important traditional events. "Melinting Dance" a dance which is performed at customary ceremonies. It is usually found in Lampung Melinting area which located in the eastern part of Lampung Province. "Ganget Bahal" dance a dance performed when the moon is full, carried out by girls and young married men while cleaning the "custom hall".
